

KIRSTEN'S PORTFOLIO

A website that showcases the design work and professional aspirations of Kirsten Climer.

K.Climer.com will focus on sharing Kirsten Climer's skills, interests, and talents. In addition, it will emphasize her bilingual and travel goals and plans as she moves into the professional world. As she graduates in one year, this website needs to communicate to potential employers that she may be available for work and let them know what ways to contact her.
